

How the State Budget affects you

In 2010-11 the State Government is:

- Continuing to responsibly manage and improve the State's finances
- Supporting jobs and the economy with record levels of investment in state infrastructure including schools, hospitals, community centres, community sports facilities, local roads, highways and rail
- Putting more funding into frontline services in health, education, police and public safety, and parks
- Implementing a range of programs to support Tasmanian businesses

How the money will be spent in 2010-11
