**Subject:** Short stay Levi Bill

[REDACTED]

If this bill is introduced it should be across all accommodation providers. Targeting small business owners while big hotel corporations and businesses with huge turnovers are not subject to it is just ridiculous. Get rid of the bill completely or make it a even playing field, if this is about generating income for Tasmania then make Hilton, NRMA, the Farrell family, Ibis and the like to pay for it and leave small businesses alone who actually offer the variety and experience of Tasmanian tourism not generic hotels and motels. Poorly thought out bill that we all hope will end up where it should be. In a bin.

Regards  
Nigel Leigh
