The Secretary,
Department of Treasury and Finance,

Dear Secretary,

We support key changes proposed by the State Government for the future of gaming.

We note the rights to operate the networking licence for EGMs in hotels and clubs will be put to a public tender overseen by Treasury. We also note venue operators will become responsible for paying a number of regulated fees.

It is important that the issued networking licence does not allow for the network operator to price gouge for the implementation of yet-to-be introduced new technology rather a recovery fee for implementation and on-going costs be set by the Government.

Treasury should address this please as a matter of urgency.

Yours sincerely,

Exeter Hotel, Exeter
