The Secretary,
Department of Treasury and Finance,

Dear Secretary,

We support key changes proposed by the State Government for the future of gaming and particularly note the rights to operate the networking licence for EGMs in hotels and clubs will be put to a public tender overseen by Treasury. We also note venue operators will become responsible for paying a number of regulated fees such as the Licensed Monitoring Operator monitoring fee, EGM installation/maintenance fees and EGM jackpot monitoring fees.

It is very important that the issued networking licence does not allow for the network operator to price gouge for the implementation of yet-to-be introduced new technology rather a recovery fee for implementation and on-going costs be set by the Government.

Appreciate your consideration of this.

Yours sincerely,
