Attention: Future Gaming
16th March 2020

The Brighton Hotel Motel welcomes and supports the creation of individual venue licenses to operate EGM in hotels and clubs. In turn allowing more appropriate distribution of returns.

We support the majority of the changes but would like to submit following.

Technology changes

We would like the introduction of note acceptors and ticket in ticket out technology for a number of reasons listed below.

- The manual handling for staff doing cash box clearances would be eliminated or minimized along with the manual weighing of hoppers. Both of these are heavy and required staff to lift/bend and carry large amounts of coins.
- It would also help with accounting procedures due to a reduction in cash handling.

Licensed Monitoring Operator

We understand that the LMO will have fees we feel it is important that the LMOs fees are fair and reasonable and on-going costs be regulated by the government.

We have been operating the Brighton Hotel Motel for the past 14 years, we offer accommodation, bars, dining, bottleshop and gaming. A large investment has been made in the building and we are continuing to invest with the increase of 12 more rooms for accommodation. We employ around 30 staff at the hotel and take our obligations to adhere to all responsible gaming and responsible service of alcohol legislation very seriously.

Yours truly
